If a player has not played 2 seasons or played 20 frames then they will be ranked on their experience as per their previous competition playing history

A Player Must play at least a 3rd of the seasons total available frames with the same team to qualify for finals

If an existing teams points increase the following year they can keep the exact same team until that team wins 2 Premierships within a 4 year period. If this occurs they must abide by the maximum team points as per any other team

If a team forfeits an individual players position then the forfeited position will be given a ranking of 6 points for that round.

The maximum points for any team is 40 points

If a team plays a round with over 40 points at any stage they will Forfeit the Match
