How Rankings are calculated

10 Point Players	Players with an average % of 80% or above over the past 2 years Any new player who has played at the top level in the DDPL, EDPL, MMPL or made the final 40 in any Cue Sports State Singles Titles in the last 5 years
9 Point Players	Players with an average % between 70% and 79.99% over the past 2 years
8 Point Player	Players with an average % between 60% and 69.99% over the past 2 years Any new player who has played at the 2nd level in the DDPL, EDPL or MMPL or the top level in any other league in the last 5 years Any Existing player who has played at the top level in the DDPL, EDPL, MMPL or made the final 40 in any Cue Sports State Singles Titles in the last 5 years
7 Point Player	Players with an average % between 50% and 59.99% over the past 2 years Any new player who has played in any competition pool league in the last 5 years and isn't ranked as a 8 or 10 point player
6 Point Player	Players with an average % under 50% over the past 2 years Any new player who has never played competition pool.

A Player must have played a minimum of half a season at any League Level for that particular level to be used when determining their points

Players can only play in the WGEBl if they reside in the district boundaries. This boundary is from Mornington, Cranbourne, Narre Warren, Upper Beaconsfield to Malacoota

If a current existing player resides outside the district boundaries or moves outside the boundaries they can continue to play

If a player has not played 2 seasons or played half the frames in the previous season they will be ranked on their experience as per their previous competition playing history

A player Must play at least a 3rd of the seasons total available frames with the same team to qualify for finals

If an existing teams points increase the following year they can keep the exact same team until that team wins 2 Premierships within a 4 year period. If this occurs they must abide by the maximum team points as per any other team

If a team forfeits an individual players position then the forfeited position will be given a ranking of 6 points for that round.

The maximum points for any team is 31 points

If a team plays a round with over 31 points at any stage they will Forfeit the Match

Ranking points for any individual player cannot drop by more than 1 point between seasons. The only acceptance to this is when a 10 point player has completed their 2 years as a 10 point player they can drop to 8 points if their results over the 2 years warrant it.
